The Canadian Jewish Law Association invites all members to a special evening to honour advocates for the Jewish community and Israel.

We are proud to recognize Michael Osborne for his staunch support of the Jewish community in Canada and Israel's right to exist as a vibrant democratic state.

Join us for remarks from CJLA leadership, including Joseph Neuberger, Jeff Leon, and other members of the board, followed by wine, food, and an engaging dialogue on the role of lawyers in combating antisemitism in Canada.

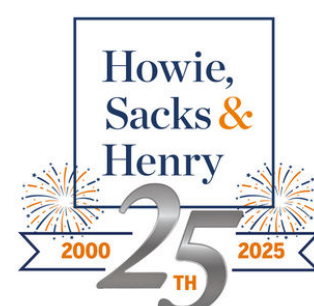

**Law firm sponsorships of \$500 are welcome.**
